First Named Inventor :	David N. Weise	
Appln. No.:	09/903,055	
Filed :	July 11, 2001	Group Art Unit: 2626
For :	METHOD AND APPARATUS FOR PARSING TEXT USING MUTUAL INFORMATION	Examiner: Abebe, Daniel D.
Docket No.:	M61.12-0349	

INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Filed Electronically
November 5, 2008

Sir:

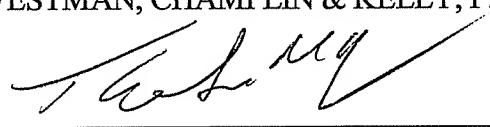

An interview was held on November 3, 2008 between Applicant's representative Theodore M. Magee and Examiner Abebe. During the interview, a form 1449 returned by the Examiner with the Notice of Allowance was discussed. In particular, Applicant noted that the Examiner had crossed out the Carabollo reference but that the Carabollo reference had actually been submitted. Applicant noted that in Private Pair, the one NPL document listed actually contains two references. Thus it appears that the PTO vendor responsible for scanning in references did not separate the two references before scanning. As such, the Carabollo reference is actually present in the PTO file and should have been marked as considered by the Examiner.

The Examiner indicated that a Supplemental Notice of Allowance would be issued indicating that the reference had been considered.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
